## TTD's FEATURED BUSINESS PICK

Welcome to East Norwalk!

**Carry's LIL' BIT OF EVERYTHING  
BAIT & TACKLE**  
203-286-7482

About a mile from the beach, Larry's inspiration to open his saltwater bait and tackle shop was that he has been fishing his whole life. He wants to spread his love for the sport to the community, his knowledge to his customers and discuss the best fishing areas and the right fishing bait and equipment.

Larry's also wants to make it super convenient. "I want to serve my community. I am open at later hours so I can help my customers. We're trying to keep prices affordable and the goal here is to make everybody happy and get more people into fishing."

Larry Dellorusso has been fishing since he was 12 years old. Larry's daughter Bella says, "I have so many memories of Larry teaching me and my siblings how to fish, and we are so glad that he moved back to the area to be closer to us."

Larry goes out from here in East Norwalk all the way to Block Island - saltwater fishing. Every Tuesday and Thursday Larry's gets fresh deliveries of sand worms, bunker, clams, frozen mackerel, calamari... "a little bit of everything"... from a local bait supplier.

My goals are to keep people happy, eventually get a charter boat and take people fishing, and possibly expand beyond this location," says Mr. Dellorusso, "... meet some new people, bring smiles all around."
